

MX ICE 200 LiTE

PROFESSIONAL SOLVENTLESS ICE WATER EXTRACTION SYSTEM, IN A COMPACT VERSION

The MX ICE 200 LiTE, designed for small growers, uses ice water solvent-free technology to extract trichomes and produce high quality resin, simplifying the process of hashish extraction.

CE Certified.

Includes:

- 2 tanks (extractor and collector), made of stainless steel.
- Speed regulator.
- Timer and thermometer.
- *Safety Chamber* to protect and preserve trichomes.
- Support with wheels for the collection tank.
- Support table for the extractor tank.

Optional:

- Water recirculation system.

Technical Data:

Electrical connection	230 V 50 Hz
Weight	80 Kg
Tanks dimensions	50 x 50 x 55 cm
Motor power	90 W
Structure material	Stainless steel
Tanks material	Stainless steel
Standard capacity	75 L
Speed regulator	Yes
Sound level	70 Db
Certifications	CE, RoHS
Warranty	2 years

After drying:

Main features

SUPERIOR QUALITY RESULTS. MAXIMUM EASE OF USE.

- 2 tanks (extractor and collector), insulated with neoprene covers.
- Super intuitive mechanical control panel, with speed regulator, water flow direction change and timer.
- Thermometer included, for greater temperature control.
- Innovative *Safety Chamber*, which preserves and protects the trichomes for optimum extraction results.
- Support table and wheels for easy mobility for greater working comfort.

RECIRCULATION SYSTEM › Improve extraction results with the water recirculation system. Purer and higher quality filtration.

* Not included with the purchase.

MICRON MESH FILTERS

- Micron mesh filter bags.
- Different micron ratings available.
- Top quality resin extraction.

EASY CLEANING AND MAINTENANCE

- Easy assembly and disassembly.
- Removable parts for faster and more efficient cleaning.
- Comfortable maintenance.
