- + The softest way to trim your plants to perfection.
- + The safest, cleanest and fastest way to clean your plants.
- + Made of stainless steel without any kind of paint to avoid contaminating the flowers.
- + Stainless steel is characterized as a hygienic, clean and durable material. In addition, it prevents oxidation
- + With an electric motor and a gear motor with great power in order to move the flowers without jams or overheating the motor.
- + Adjustable inclination to release the flowers quickly.
- + Very quiet.
- + Equipped with a powerful motor and 2 sharp and calibrated blades of hardened steel for a durable and precision cut.
- + The block is held by 4 legs that give a stability that no other trimmer offers.

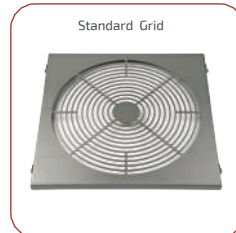

MT GENTLE

2 machines in 1

Turn your MT Gentle into a MT Standard, simply by changing the grid and adding 2 wings. No need for tools. Depending on the variety and way of cultivation, you can choose whether to work with the MT Gentle or the MT Standard
