

MT TUMBLER 200 **LiTE**

COMPACT WET & DRY TRIMMER

The **MT TUMBLER 200 LiTE** is the perfect choice for growers who want efficient, hassle-free trimming for both wet and dry flowers. It adapts to each flower for a gentle, precise cut.

One machine, two workflows.

- Flexible stainless steel blade.
- 2 independent motors.
- Hopper included for easy loading.
- 2 collection meshes (plant material + kief/pollen)
- No-tool disassembly.

TRIM WET

UP TO **10** $\frac{\text{kg}}{\text{h}}$

 **x10** ppl.

TRIM DRY

UP TO **2** $\frac{\text{kg}}{\text{h}}$

 **x5** ppl.

GENTLE ON FLOWERS. TOUGH ON THROUGHPUT.

The MT TUMBLER 200 LiTE trims without crushing. No torn leaves. No damaged trichomes. The same engineering as our larger machines, with smaller investment.

Technical data

Electrical connection	230V, 50Hz
Barrel motor	15 W
Blade motor	180 W
Material	Stainless steel
Blades	3 u.
Weight	25 kg
Decibels	80 dB
Dimensions	80 x 30 x 45 cm

Innovative design.

A flexible, adjustable blade for tight precision cutting, supported by a 3-blade reel placed for even coverage. A stainless steel protective cover adds durability, while the adjustable barrel height lets you match the machine to your flower size.
