

MX ICE 500 MED

SOLVENTLESS ICE EXTRACTION

The **MX ICE 500 MED** isolates cannabis glandular trichomes using water, ice, and movement. The result is a high-purity bubble hash that preserves terpenes and cannabinoids.

The most advanced solventless ice extraction.

- 2 independent insulated tanks.
- Digital touch screen control.
- 5 micron mesh filters included (25, 73, 120, 160, 220 µm).
- Tilting system & swivel wheels.
- No-tool disassembly.

UP TO 6-8 kg
fresh frozen material

100L
CAPACITY

MAXIMUM PERFORMANCE & PROGRAMMABLE CONTROL.

Record your programs. Gain efficiency with every extraction. Equipped with a 4.5" multifunction LCD touch screen that allows total and precise control of the equipment.

Technical data

Electrical connection	230V, 50Hz
Barrel motor	120 W
Pump power	450 W
Material	Stainless steel
Decibels	75 dB
Weight	102 kg
Tank dimensions	50 x 50 x 60 cm

Quick cleaning. No tools required.

Keeping your equipment in top condition has never been easier. The MX ICE 500 MED allows quick, hassle-free disassembly, making cleaning after each use simple.
